Grading Guidelines

Retest/Redo

- Summative Assessment: A student has one opportunity each grading period to retake a test for which he/she earned a failing grade (a grade below 70).
- Relevant Application: A student has at least one opportunity each grading period to retake a relevant application for which he/she earned a failing grade (a grade below 70).
- Check for Understanding: A student has at least one opportunity each grading period to retake an assignment for which he/she earned a failing grade (a grade below 70).

Please note:

- The highest grade a student can earn on a retest/redo is a 70.
- A tutorial session may be required before a retest is allowed.
- If a student refuses to complete an assignment, he/she will receive a zero. Assignments that are failing because a student refuses to complete them are not eligible for redo.
- Assignments that are failing due to late work guidelines are not eligible for redo.

Late Work

- It is an expectation that students will turn assignments in on time. However, in the event that a student misses a deadline, late work will be accepted within four days of the assignment due date. Points will be deducted each day an assignment is late. Late work will not be accepted if it is more than four days late.

Number of Days Late	Points Deducted
1	10
2	20
3	30
4	40
